“ All the nursery staff are pleasant and professional. They helped my little boy Max to settle well at nursery. The nursery's daily routine is very well structured and nursery is well equipped with various toys and activities to enable children develop to the required level. As from the first day I brought my son to nursery I got an impression that all children are happy and staff are doing their best to make children feel comfortable and at ease”

“ Well what I can say is Keir is actually excited in the mornings when we say ' you going to see Brooke today ?' and is eager to get out of the car !! so clearly it's a happy and caring environment for him which is all any parent would want for their child”

“ I spent a long time looking for the right nursery for both of my sons. Having been impressed after a pre-visit to Cedars back in 2011 and also having it personally recommended, we decided to enrol our eldest son Jack and then later in 2013, our youngest son Thomas. The nursery caters for all our needs and our boys love each session they spend there! The staff are friendly yet very professional and have worked closely with our sons to ensure they are safe, secure, confident and develop their social skills in a purposeful learning environment. We always have and always will continue to highly recommend Cedars Nursery!”

Catherine Hunter -

Jack and Thomas's mum (Swan & Cygnet)

“ When me and my husband were looking for a nursery for our daughter, we visited quite a few in the Sunderland area. The moment we walked through the doors of Cedars Sunderland we knew this was the place for her. The staff are very friendly, professional and well presented. The activities Amelia has participated since starting has taught her so much and the meals they provide are incredibly varied. Amelia has been there for some years now and she loves it. I'm sure she will be very sad the day she has to leave”

Amelia's mum and dad (Swan)

“ Our daughter loves the nursery and the staff at cedars Sunderland. We are both confident and happy when leaving her for the day and even happier when she is pushing us out of the door in the morning when we drop her off. Thanks!

“ We would like to say thank you to all for the past 2 years. Because of your great work, my daughter has blossomed into a confident and cheeky four year old who is fully prepared and equipped for school. You have all provided Aisha with a stable and fun environment, that, at all times, was the only consistent feature in her life, and for that we are incredibly grateful.
